**CITY RETAINS SHORELINE GROUP MEMBERSHIP**

Torrance will remain a member of the Shoreline Planning Association, as a result of action of the City Council Tuesday night.

An annual dues bill of \$150 was ordered paid after Mayor W. H. Tolson told of the valuable accomplishments of the body.

**FIRST SETTLEMENT**

The first settlement made in the state of Delaware was by the Dutch in 1651.

**Tartar Knights Plan For Balance Of School Year**

The Tartar Knight organization of Torrance high school has planned its three major events for the remainder of the spring semester.

The first activity is the All-Marine Knight dance, which is to be held on April 13. It is sponsored by all the Knight organizations of the five schools in the Marine League.

Following that will come the Knight Conclave, which will be held at Torrance this term. The conclave is a semi-annual affair, which shifts from school to school. After the conclusion of games, dinner is served. Panel groups follow.

The social activity for the local group will be the annual Tartar Knight and Tartar Lady barbecue, which is to take place on May 14 at the home of Mrs. Lorraine Goodwin, Tartar Lady sponsor.

There are now 16 members of this organization, each having been very active in the school. With their new sponsor, Ivo Blaylock, the Tartar Knights to be a leading organization of Torrance high school.

**OIL CAPITAL**

Fulsa, Okla., is known as the "Oil Capital of the World." Most of the large oil producers and refiners of the world have offices there.

**Pension Waiting For Fast Moving Young Veteran**

There's a government pension awaiting a young veteran of World War II if he will "land" long enough in one community to claim it. And he is a lad in need of help.

So states J. G. Caldwell, the hard-working director of the Torrance Area Veterans Service Center.

Caldwell reported that a veteran, 20-years-of-age and childish in appearance, reported in September, 1945, of the old Veterans Service Center and then headed for Alaska.

"He was in our office again on March 21, 22, and 23, 1946. In this period of time he had traveled to Alaska, back to Seattle, Washington, Denver, Colorado, Kansas City, Missouri, St. Louis, Missouri, Indianapolis, Indiana, Birmingham, Ala., Phoenix, Arizona and then back to Torrance.

"This boy has a disability and gets "no pension" as he travels so fast that the Veterans Administration cannot catch up with him.

"He is a victim of some of our hardest-fought battles in the South Pacific.

"It is reported that, from the result of heavy bomb explosions, he was thrown from his ship into the sea and later was picked up by the U.S. naval personnel.

"He has fought for us and in

**CEILING PRICE ON SOME ROOFING MATERIAL GOES UP**

Ceiling prices on applied red cedar or redwood shingles today were increased from \$13 per square of 100 feet to \$15—a rise of about 15 per cent—the Southern California district OPA announced today.

At the same time the agency ordered higher ceiling prices on five commonly used types of composition roofing—also as installed or applied. The increases ranged from 16 to 2 per cent for an average of about 7 per cent, OPA said.

doing this has so far lost himself," Caldwell said. "He has had such a terrible experience in this war, that he is now very suspicious of everyone, he is very quiet, courteous and looks at you as though he might go into action at any minute.

"This boy needs the help of each and everyone of us and I may call upon some of you for help in finding this boy a home."

**HAY PRICE RISE INCREASE ALLOWED BY GOVERNMENT**

Price ceilings have been increased by \$1 a ton on hay, the OPA announced today. These increases effect all sales, including retail sales.

The increases, effective March 20, are in line with adjustments made on grains on March 23, 1946. They are made to reflect parity to producers in accordance with legal requirements and provide a cushion to allow for possible advance in parity, OPA said.
